### **6. Business Arising**

The Chair noted there were no further agenda items submitted and asked the Students' Club whether there was any business arising.

#### **6.1 Spelling of 'Sibyl'**

Celia Battcock noted to the Students' Club that 'Sibyl' was often spelled incorrectly ('Sybil') and reiterated the correct spelling of the word.

#### **6.2 University of Sydney staff strike**

Isabella Sandy asked the House Committee if they had information about the staff strike taking place on 11-12 May at the University. Hannah noted there would be a picket line on Western and Carillon Avenue as well as at other entrances to the University, and that due to the strikes classes will be disrupted or cancelled, noting that anyone who attempts to cross the picket line may be met with hostility. Kailey Ross asked about compulsory attendance and crossing the picket line. Hannah suggested avoiding Western Avenue by walking through the Nanoscience Hub onto Physics Road and taking a friend if members needed to cross the picket line. She also recommended members explain to protestors that

they live at College and need to pass through the picket line if met with hostility by protestors.

### **6.3 Formal Dinner**

Ella Moore commented on the length and timing of Formal Dinner, noting that it takes too long and finishes too late. Hannah responded that House Committee had discussed the issue and would take this feedback to staff. Sophie Newby also enquired as to the diversity of Formal Dinner speakers, noting that many speakers appeared to have a Commerce or Business background. Various members expressed the sentiment that they would like to hear from Arts and Science speakers within different fields. Hannah agreed to take this feedback to staff, noting that members could also suggest speakers in their field to Dr Donnelly and request to be sat at High Table or speak with them at pre-dinner drinks.

### **6.4 Games equipment and facilities**

Diva Wilson suggested the College acquire a pool table and replace the tennis table equipment. Ella Moore added that the unused room in Langley 100s could be turned into a games room. Hannah responded that the House Committee would look into this, adding that they would look for the Wii console to add to games equipment at the College.

### **6.5 Invite-only events**

Diva Wilson asked the House Committee if they would host invite-only events similar to other Colleges in the intercol community. Hannah responded that Evelyn and the House Committee had been working hard to put together invite-only events. She noted however that invite-only events would only be pursued if members of the Students' Club attended their own events in the first place, noting that she would be "embarrassed" to have invited guests to the recent Sippers considering the poor turnout. She added that if members showed support for the Country Sippers at the end of the semester, the House Committee would pursue invite-only Sippers with staff in Semester 2.

Resolved: all business arising be adopted - *Hannah and Jade*

## **7. Close of Meeting**

With no other business to be attended to, the Chair declared the meeting closed at 7:10pm.
