HOUSE COMMITTEE ELECTIONS FOR 2027 SAMPLE STATEMENTS FOR CANDIDATE NOMINATION FORM

Statement of leadership skills and experience relevant to the role

I am an organised, hardworking, and outgoing person who enjoys working with others and contributing to a positive community. In high school, I was a Prefect and Netball Captain, and at Women's I have further developed my leadership by convening Netball and Rugby this year. Beyond sport, I have gained valuable professional experience during my gap year as Administrative Assistant to the Deputy Head of Bromsgrove School in the UK. This role required a high level of professionalism, organisation, and work ethic. My current position at Women's reception has further strengthened my communication, adaptability, and organisational skills, while giving me the opportunity to engage with a wide range of people across the College, which I have thoroughly enjoyed. As Secretary, I recognise the responsibility and workload that comes with the role, and I am confident in my ability to manage these effectively while working collaboratively with students and staff. I am eager to contribute my skills, reliability, and enthusiasm to the Exec and thrive in this dynamic leadership environment.

Other things you'd like us to know

I am deeply grateful for the supportive and inspiring community at Women's College. It has encouraged me to grow both personally and as a leader, and I would love the opportunity to give back in my third and final year by helping to strengthen the college community and sense of belonging for both new and returning students.
